

Pymble Orthodontics re-opening!

Dear Patients,

Following the latest advice from government and health authorities, our practice will be open to see patients from the **29th April 2020**.

While there are still some restrictions regarding the types of procedures we can perform, we are able to begin seeing patients again and we will be in touch with you as soon as possible to schedule an appointment. We ask that you please bear with us at this time as we do our best to contact patients as quickly as we can.

Your health and safety is of the utmost importance to us and we will continue to operate with additional precautions in place to best protect you and our staff. We ask that when visiting our practice, please limit additional family members, and observe the health and safety information displayed. Please do not visit if you have any cold or flu-like symptoms, been in contact with anyone with Covid-19 or have recently travelled overseas.

If you have any questions or concerns or an urgent need prior to your appointment, please contact us via phone (9449 7022) or email (reception@pymbleorthodontics.com.au).

We look forward to seeing you very soon!

Warm regards,
The team at Pymble Orthodontics
